

We're doing our part

By running our facilities more efficiently and investing in energy efficient equipment, **we deliver real results for the environment.**

As a partner with the U.S. Environmental Protection Agency's ENERGY STAR® program, we're committed to protecting the environment through energy efficiency. This year, ENERGY STAR partners and consumers will prevent the greenhouse gas emissions equivalent to 18 million automobiles by using less energy. www.energystar.gov

CHANGE FOR THE
BETTER WITH
ENERGY STAR

We at Hilton are proud to partner with ENERGY STAR and do our part to improve the environment. At Hilton, our combined efforts to save energy in 2003 were equivalent to removing over 4,000 cars from the road or planting 5,540 acres of trees. By working together as a team, we will continue to serve as stewards of the environment, and leaders in the industry.

The Hilton Family
