

# Our Actions Make a Difference

By saving energy at work, we help protect the environment for everyone.

As a partner with the U.S. Environmental Protection Agency's ENERGY STAR<sup>®</sup> program, we're committed to protecting the environment through energy efficiency. This year, ENERGY STAR partners and consumers will prevent the greenhouse gas emissions equivalent to 18 million automobiles by using less energy. [www.energystar.gov](http://www.energystar.gov)

**CHANGE FOR THE  
BETTER WITH  
ENERGY STAR**
